

# Inspiring the next generation of inventors

## Locations

# 16

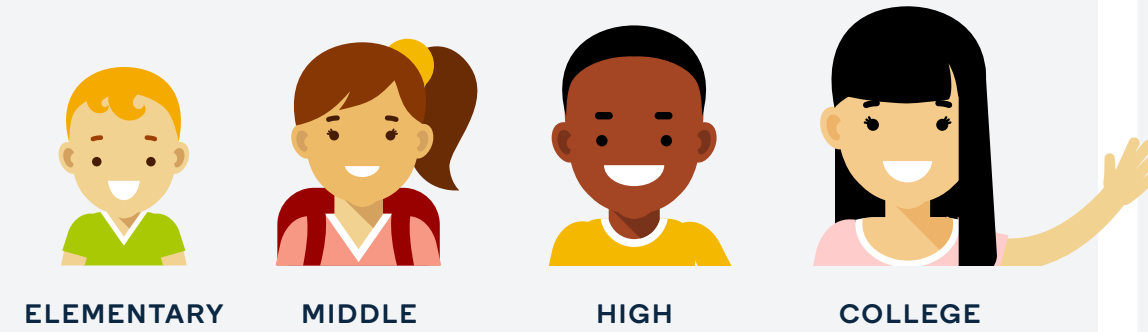

Qualcomm® Thinkabit Lab™ national network is comprised of 16 sites in 5 states. We collaborate with teachers, educators, librarians, and others to implement our hands-on invention-based program.

- 2** School Districts
- 10** K-12 Schools
- 3** Universities
- 1** Library

## Students

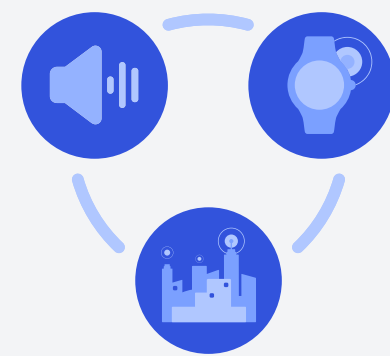

# 78,000

We've expanded the number of students reached to include K-12 and college students. We have several IoT-themed projects for summer STEM camps.

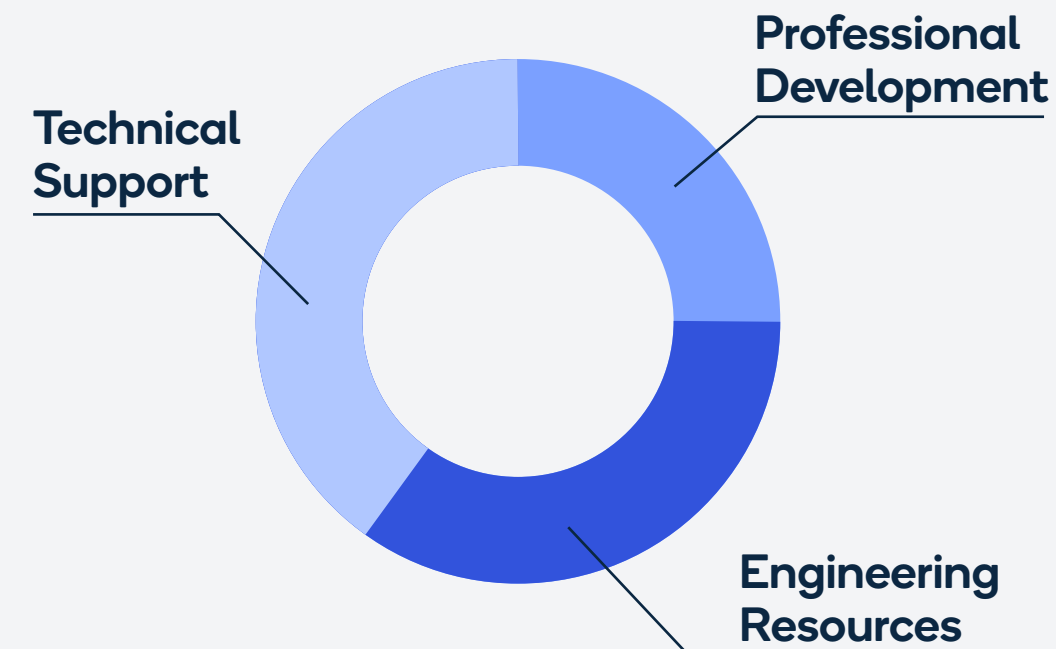

IoT Themed Projects

Signature Experience

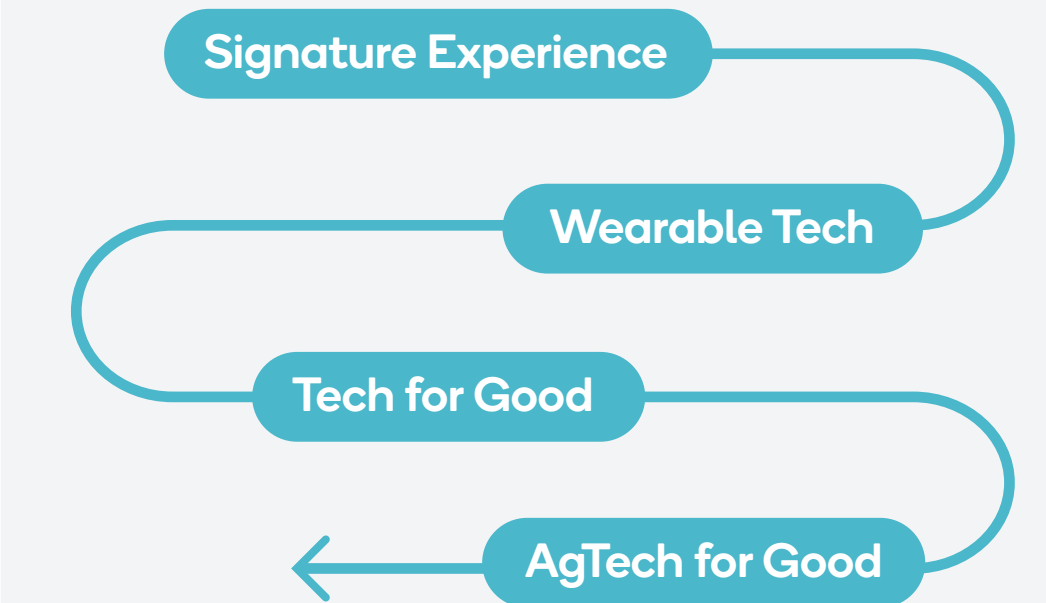

## Teachers

# 30+

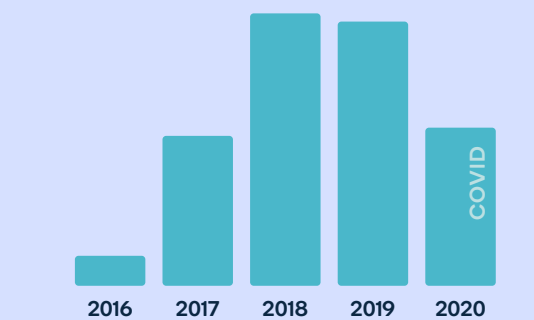

## Student Inventions

# 20,000

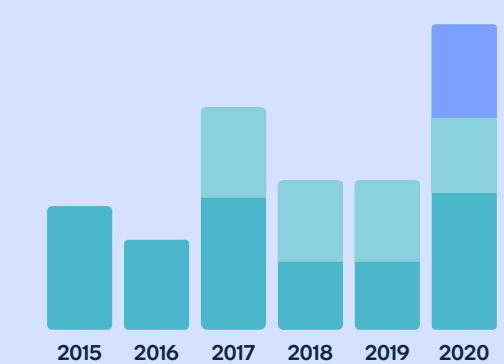

## Did You Know?

PARTICIPANTS PER SCHOOL YEAR

**THE LEARNING CENTER**  
Provides free hands on resources to get started on your coding journey. Visit <https://thinkabitlab.com/learning-center>
